Standard Cottage

Simple and beautiful: the bungalows made of natural stone or brick are buildings typical of southern India. A bedroom with adjoining bathroom is waiting for the guests. All bungalows are equipped with ceiling fans, protective mosquito nets and mostly have welcoming bay windows. The Standard Cottages are located in the upper part of the resort. The advantage of this location is that it is ideal for guests with limited mobility. The paths to the Ayurveda clinic and the restaurant are short, there are only a few steps. Due to the closer construction, standard cottages are smaller than other room categories. With their simple, traditional design, they offer the most affordable way to enjoy an Ayurvedic treatment at the resort.
